**Have you read the first MIG.EN.CUBE reports?**

PLACE partners with the European project **MIG.EN.CUBE** to diversify incubators in Europe. MIG.EN.CUBE is a **European interdisciplinary project** that aims to create a bridge between **incubation professionals** and the diverse needs of **migrant entrepreneurs.**

In 2021, the program focused on research to map **incubation practices** and key players, which led to two very insightful reports.

Thanks to this research, MIG.EN.CUBE will develop, for **February 2023**, a first version of a MOOC and a Guidebook to answer incubation professionals' training needs in regards to migrant entrepreneurs and pilot them with **interested incubation professionals** and **policy-makers.**
