## THE BRIDGE

Grounded in your roots,  
connected to the world

## Who are we

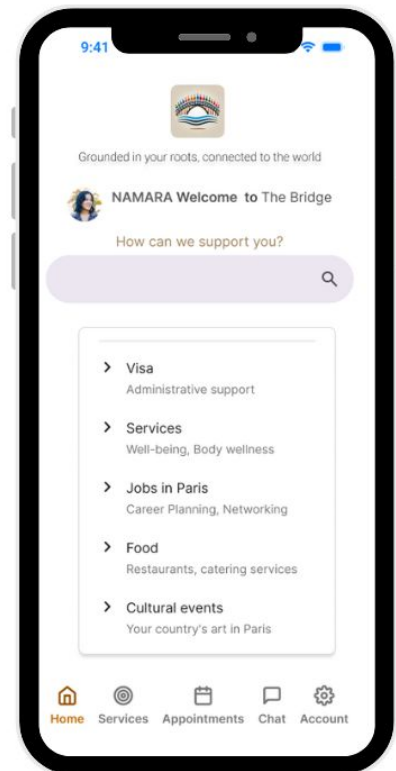

We are **The Bridge Community**—a digital platform and physical space connecting skilled English-speaking immigrants in France.

## What do we offer

- Intercultural events and a vibrant networking community
- Administrative support to navigate local systems
- Mentorship, coaching, and mental well-being resources
- Access to English-speaking services
- Job placement assistance and career planning guidance

## Who's it for?

English-speaking immigrants seeking comprehensive and sustainable integration into French society

SCAN ME!

## Problem

1/3 women experience gender based violence and only 7 % seek legal help. Awareness & ease of access to services are not enough to achieve safety for all.

## Objectives

We aim to address

- **Data collection** on gender-based violence via anonymous reporting and location tracking.
- **Awareness** on gender based violence using articles, quizzes, games and contests.
- **Connecting victims immediately** with services, such as police, lawyers, physical and mental health care professionals.

## Our solution

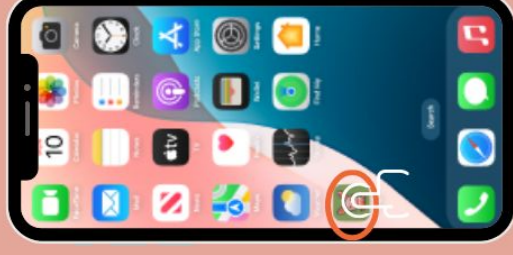

A pre-installed application on mobile devices that helps victims to report violence immediately.

- Secure and anonymous access.
- Friendly: easy to use.
- Educational oriented: helps users to know different gender based violence & how to protect.

An application that is pre-installed on all kind of devices (Android and iOS). In one click, the users have access to:

- Help center, available 24/7.
- Content on awareness, including an AI chat.

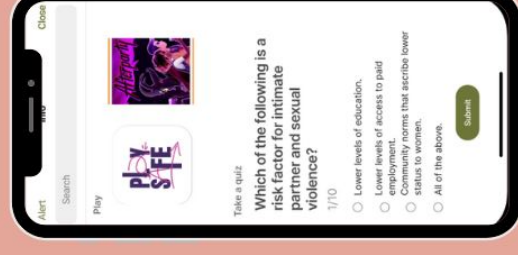

Who are we?

5 women from 4 different countries with an ambition of creating a safer world for all.

We need you for making it happen!

Our mascot "Togo" inspires goodwill so that it is not intrusive for users.

Our app will also focus on bringing awareness through games, quizzes and contents.

# CareList

Book trusted care today :)

## Solution:

CareList is a platform that connects families with professional childcare providers, supported by government subsidies to reduce costs for those who need it most.

## Who are we:

We are a community of expat women supporting mothers. Our mission is to help moms feel connected, empowered, and supported in balancing work and family life.

## What do we offer:

- Book trusted childcare professionals easily.
- Access affordable care through government support.
- Join a supportive network of mothers like you.

*Find fast, professional, and affordable care today! 💙*

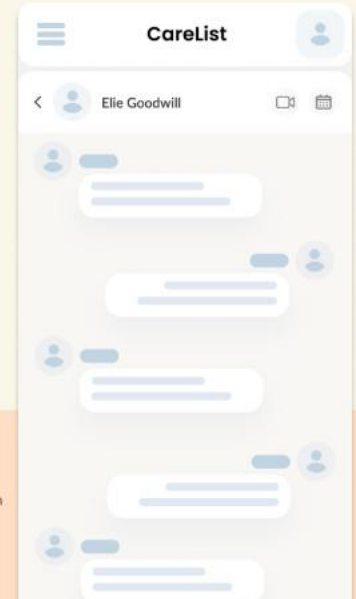

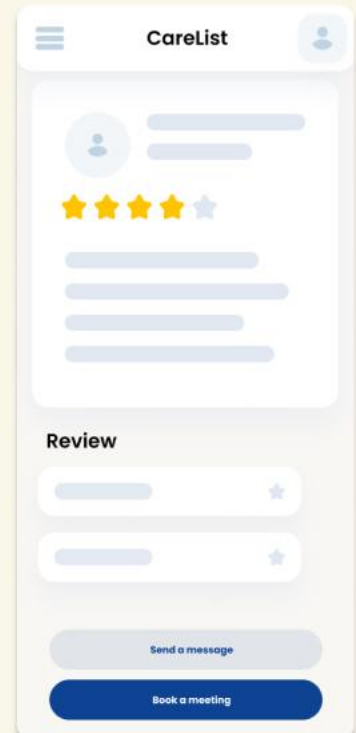

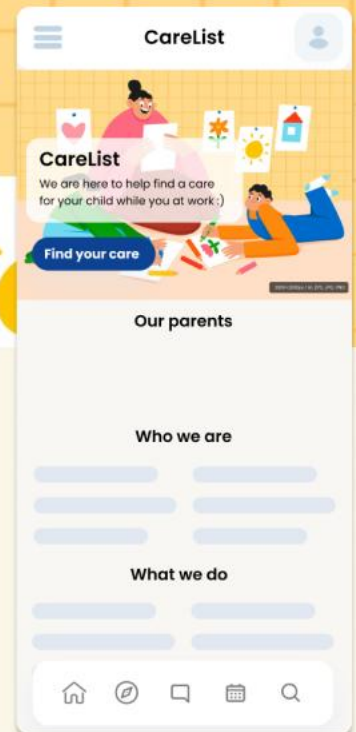

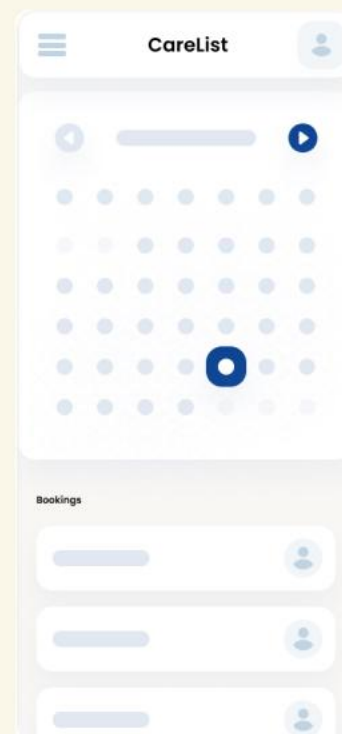

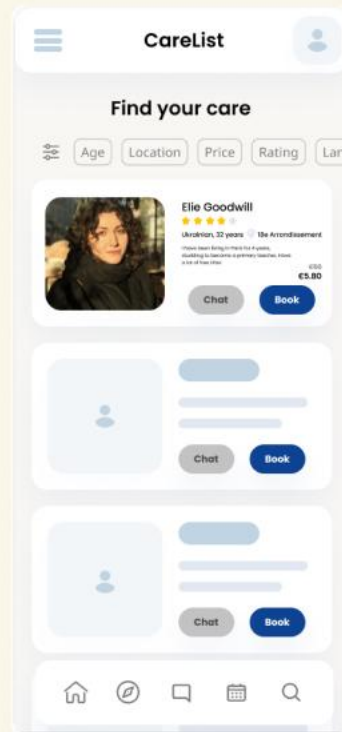

## What do we need:

We are seeking sponsors and government partnerships to help us expand our mission. By funding CareList.

### You will:

- Support working and migrant mothers in accessing professional childcare.
- Contribute to a social impact initiative that empowers families and strengthens communities.
- Help reduce financial barriers for those who need childcare the most.

💡 Join us in making childcare accessible for all.

EcoGate

# Your First Step Toward Sustainability Starts Here

*Sustainability 101 for Chinese-speaking world*

## WHY?

**Need:** growing demand but fragmented and inaccessible resources

**Gap:** non-ESG & climate contents

**Goal:** knowledge and tools for informed & impactful action

## WHAT?

**AI-powered search engine** based on authoritative scientific reports

**Interactive maps** with cross-disciplinary terms

**Gamified learning** to reinforce core concepts and inspire better decisions and actions

**Localized content** designed for China's context and audience

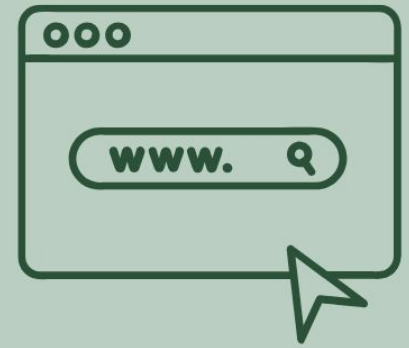

## HOW?

**MVP:** Interactive maps

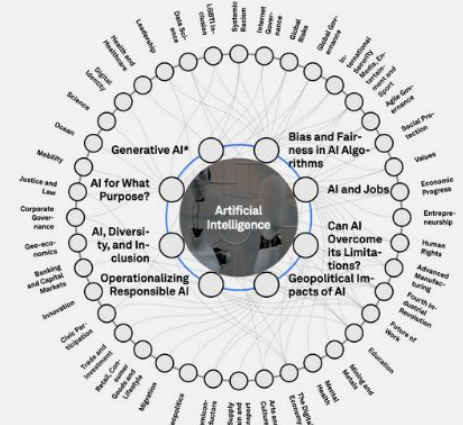

**Next step:**

- Content development
- Technology implementation

# HerSpace

From Migrant Women to Migrant Women

## Peer-to-Peer Counseling

24/7 AI Chatbot Support  
Self-Help Resources

### YOUR ONE-SCAN AWAY SAFE BUBBLE

For your personal and emotional-being

At **HerSpace** we provide a nurturing and inclusive environment for immigrant women in France to connect, grow, and heal. Together, we can overcome isolation and foster a strong community of support.

<http://lnkiy.in/HerSpace>

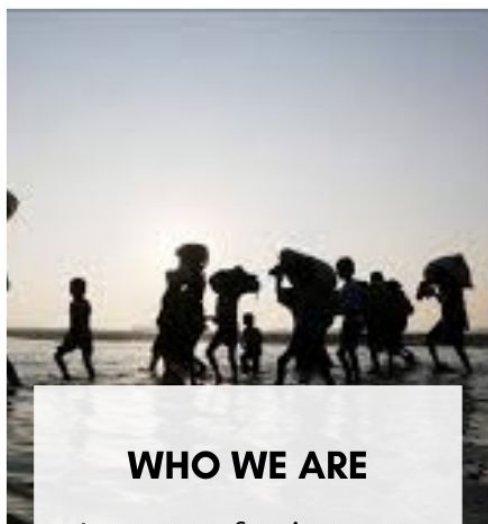

# ACTION4INACTION

"Providing resources, guidance, and community support to climate refugees in France, fostering resilience and integration."

"Your central hub for vital information and support tailored for refugees displaced by climate change impacts."

"Join us in building a sustainable future for those impacted by the climate crisis!"

**Empowering asylum seekers affected by climate change, uniting knowledge for a resilient future!**

## WHO WE ARE

A team of migrant women in France passionate about safe migration and integration.

## WHAT WE OFFER

A centralized platform with access to a pool of information necessary for integration into the French society.

## WHOM FOR

Refugees affected by issues of climate change who have relocated to France.

# Thank you!
